Dear Mrs. Zemel:

This letter is a follow up to our phone call last week on my patent application that you will be processing.

The question that you requested of me was if I choose to process this patent under section I or II with or without traverse as identified on your detailed Action letter and want to traverse the claims of my patent application.

My choice is to use option **"claim I. using the traverse authority"** items 1 through 18 of my claims and identified on your detailed action letter.

I hope that I have completed this action per your written request and our verbal conversation.

I will be traveling out of the United States From August 5 to the end of September on business and if you have need to contact me please leave a message on my personal home phone which I will be checking. The phone number is 408-866-1220

Sincerely,

John Carcich
Inventor
